Key

Minor Impact Moderate Impact High Impact

Construction Activities:

Mechanical, Electrical, and Plumbing rough-in is on-going in the building. Exterior cladding will continue on the west, east, and north wing. Drywall and gypcrete will be installed on the interior. The elevator install and interior finishes will continue this week. Scaffold will begin to come down in the Courtyard.

Construction Equipment onsite: Three forklifts will move material around the site. 3 Boom lift will facilitate the window/WRB install on the exterior of the building.

Truck Traffic:

Shown in diagrams above.

Safety is the highest value for Walsh Construction. Walsh focuses not only on the safety of pedestrians and vehicles around our site, but also the safety of our workers onsite as well. Our goal is to ensure everyone returns home safely each day.
