█ Minor Impact
 █ Key Moderate Impact
 █ High Impact

Construction Activities:

Mechanical, Electrical, and Plumbing rough-in are on-going in the building. Exterior cladding will continue on the east, and north wings. Drywall and finishes will continue to be installed on the interior.

Construction Equipment onsite: Three forklifts will move material around the site. 3 Boom lift will facilitate the window/WRB install on the exterior of the building. A mobile crane will be on-site at the end of the week to get a hydro mobile lift off of the ALC roof.

Truck Traffic:

Shown in diagrams above.

Safety is the highest value for Walsh Construction. Walsh focuses not only on the safety of pedestrians and vehicles around our site, but also the safety of our workers onsite as well. Our goal is to ensure everyone returns home safely each day.
