Noise Impact

	Mon	Tue	Wed	Thur	Fri	Sat
Last WK	[Green bar]					
This WK	[Green bar]					

Key

Minor Impact	Moderate Impact	High Impact
--------------	-----------------	-------------

Construction Activities:

Mechanical, Electrical, and Plumbing rough-in are on-going in the building. Exterior cladding will continue on the east, and north wings. Drywall and finishes will continue to be installed on the interior. Site Work will continue in the courtyard and moving east down 17th.

Construction Equipment onsite: One forklift will move material around the site. 5 Boom lifts will facilitate the window/WRB install on the exterior of the building. An excavator and dump truck will facilitate the removal of the temporary rock and soil for the beginning of site work.

Truck Traffic:

Shown in diagrams above.

Safety is the highest value for Walsh Construction. Walsh focuses not only on the safety of pedestrians and vehicles around our site, but also the safety of our workers onsite as well. Our goal is to ensure everyone returns home safely each day.
